

Out of Classroom Curriculum - Year 11 Science

- Find the correct week commencing row.
- Find today's day - There are up to 3 different lessons in each day – you won't run out of work.
- Chose a lesson – hold ctrl and click the chosen link.
 - If you don't recognise the work, it appears too difficult or the link doesn't load;
 - Try another task – look at the previous/next lesson or look at other days.
- Some lessons have links to PowerPoints and other resources beneath the video and/or Starter Quiz (LSQ)
- Complete any starter quizzes.
 - Write the question down
 - Write your answer down
 - Mark your answers and write down any corrections (using your purple pen)
- Watch the videos and take notes in your learning booklet.
- Pause if/when instructed to do so to answer questions or respond.
- Complete and move onto the next lesson.
