

We hope that all our aspiring A Level Students are doing well!

Take this opportunity to research an area of History or a country or topics that interest you.

Choose at least 5 podcasts from either of the sites below. For each podcast make a list of 10 points that you think are significant or interesting from the podcast.

Bring these into school with you for September. You might also want to listen to the podcasts that are relevant to the A Level topics we study.
