Pre post 16 RPE tasks to get you thinking!

For those of you who are vaguely considering the idea of taking RPE or similar at A Level, and for those of you who are just a bit bored and need something to get you thinking, here are some ideas…

• Watch 'The Good Place' on Netflix – this has some strong ethical themes. Think about what a 'good' person actually is.

• Watch 'The Matrix' – this film is rich in religious and philosophical topics. Think about the key themes of truth and perception.

• Watch 'Sliding Doors' – this film should make you think about whether we have free will or if our lives are determined. Do we really have any control of our lives? Is fate real?

• Watch Derren Brown 'Fear and Faith' – Derren Brown has done many documentaries linked to religion. With this one, think about the purpose of religion.

• Watch or read 'The Shack' – consider the nature of God and the purpose of evil. Does 'The Shack' solve the inconsistent triad? (Forgotten this?! Look it up!)

• Watch 'After the Dark' – consider whether some human beings are worth more than others. Are we really all equal?

Enjoy, take care and stay safe!
