

French Induction Task

The French task is to research a famous French person: perhaps an actor, actress, politician, historical figure who interest you....and write 200 words about them in French. Then research a French town, city, region or a French speaking country and create a PowerPoint presentation of approximately 200 words in total in French. Finally write a 100 word postcard about what you did during the holidays (perfect tense for completed actions, imperfect for descriptions).
