

## PRE – Post 16 TASKS

### BTEC Music (Performing)

Congratulations for choosing BTEC Music. The Music Department is looking forward to working with you in September.

In preparation for September we ask that you complete the following in time for your first lesson with us, in accordance with the Post-16 instructions.

- Please be prepared to perform a piece of music on your chosen instrument during your first few lessons. This may be of any standard but should be a piece that you can play well.
- Please keep a diary of practice sessions over a two week period. Write length of practice, content, progress made.

Write a brief evaluation of how your performance improved after two weeks' focussed practice.

If you have any questions regarding the above please contact Mr. Stock at college on 01395 264761
