Governor News

Dear Parents/Carers,

As an introduction, I am delighted to have recently been appointed as the Chair of Governors for Exmouth Community College, taking over from Margaret Turgoose who held this position for the last six years. I'd like to thank Margaret for her years of service as both a governor and as the Chair and also to the governors, members and staff who have supported my appointment, as it is both an honour and a privilege to serve in this role.

I have been a community governor at the college for the last two years and live in Exmouth with my wife, three children and two dogs. I've worked in the Information Technology domain for the last 33 years in a variety of roles from technical to leadership.

As we start this academic year, I'd like to call your attention to the fact that we have started the election process for two parent governors. Parent Governors are valued members of the Governing Board team and play an important role. Natalie Mann sent out communication via email and via post yesterday (for people who do not have registered email addresses with us). If this is of interest to you, then please refer to this document for details on how to apply, this can be accessed via this link [Exmouth Community College - Parent / Carer Governor Election \(exmouthcollege.devon.sch.uk\)](https://www.exmouthcollege.devon.sch.uk). The parent election process will be open for two weeks, closing at 12 noon on Monday 9th October 2023.

Kind regards,
Jason Hill
Chair of Governors

Meet the Headteacher

Mr Inman hosted the first of four opportunities to meet with him at our *Meet the Headteacher* events last night. Thank you to those who attended to hear about his experience, his vision for the College and to also feed into what the future of the College should look like.

The next events are being held on, Monday 16th October, Monday 13th November and Thursday 30th November from 6.30pm to 7.30pm. Should you wish to attend, you can book your space via Squid, selecting 'Meet the Headteacher' offer and choose the number of seats you require.
