The Thelma Hubery Gallery in Honiton invites creatives to its **THG Youth Network** which meets on the last Tuesday of each month:

- MEET new people and connect with young creatives in your area
- COLLABORATE and curate exhibitions at THG
- GET INVOLVED in our varied programme of photography, film, music, painting and much more
- LEARN SOMETHING NEW through free workshops led by specialist artists plus trips to other galleries.

If you are in Year 12, applications are open for the prestigious **Exeter Scholars programme**. Over a period of 10 months, you will attend a range of on-campus events and field trips allowing you to explore your chosen subject as it would be studied at university. You will be given access to University of Exeter facilities and learn from world class academics – you may even have the chance to participate in live research projects being conducted by the University. Each strand will have its own unique entry requirements and pass criteria, and it is fulfilling these that will allow you to graduate as a University of Exeter Scholar.

Alternatively, the university runs their Virtual Pathway in February for two weeks, which gives students the option to complete Exeter Scholars in a purely virtual setting with a choice of 4 different subject strands. You will still have access to their world leading academics and teaching practises, but without having to come onto campus! Deadline to apply is **Monday 27/10/2025**.
