

## **Sixth Form Horizons Bulletin 10th December 2026**

### **Opportunities to shape your future**

**Progress Evening, Wednesday 10 December.** Appointments can still be made via Lara in the Sixth Form Office. If you have any queries or problems with finishing your UCAS application, Dr Davies will be running a helpdesk in Telfer during the Progress Evening. All applications must be finished and ready to send ASAP.

**Diagnostic careers event** to showcase **radiography, pathology and healthcare sciences**, as well as the career progression opportunities available within the south west. This is taking place at South Cloisters, University of Exeter on Saturday 24<sup>th</sup> January 2026, 9am- 12pm and 1pm - 4pm.

It's free to attend but places must be booked for each attendee by scanning the relevant QR code on the poster (attached), or following one of the links:

Morning ticket: <https://app.tickettailor.com/events/nhs36/1654610>

Afternoon tickets: <https://app.tickettailor.com/events/nhs36/1654710>

**Futures in STEM, at Durham University** (part of the National Leveling Up: STEM programme) provides two years of free online academic tutoring and pastoral support to Year 12 students. If you are considering studying, Chemistry, Computer Science, Engineering, Maths or Physics at degree level, then this support programme is for you. Complete the application form, which includes a short (250-word maximum) statement explaining why you want to take part in the programme. Applications are open until **Saturday 31 January 2026 at 11.59pm (GMT)**.

If successful, you will receive a guaranteed conditional offer to study Chemistry, Computer Science, Engineering, Maths, or Physics at Durham (conditions apply), subject to meeting the degree requirements if they've fully engaged with the programme.

### **Interested in a legal career?**

BVL is a social mobility charity which seeks to engage young people from non-fee paying schools with law and legal policy.

They are currently accepting applications for eight upcoming projects from students at non-fee paying schools. Some projects will take place remotely via Zoom and are open to applicants from across England and Wales and some are in-person and London based. All of our projects are free of charge.

Where projects have an in-person element, travel expenses and accommodation are paid for students travelling from outside of London/Greater London. Students may (and are encouraged to) apply to participate in multiple projects.

For more information about BVL's projects, go to [www.bvl.org.uk](http://www.bvl.org.uk).
