

## **Sixth Form Horizons Bulletin 17th December 2025**

### **Opportunities to shape your future**

**3 days of fully-funded, remote work experience are available with NHS Devon Partnership, focusing on careers with Mental Health, Learning Disability and Psychological Professions.** Applications are open until 2<sup>nd</sup> February.

The dates are 3<sup>rd</sup> - 5<sup>th</sup> March, 9:30 - 3pm daily within National Careers Week and students aged 16+ in Devon and surrounding areas are being prioritised for places.

#### **Women in Computer Science Webinar Series**

The **Women in Computer Science seminars** are a series of weekly webinars held on **Tuesday evenings, 5:00 - 6:00 pm**, from **20 January - 24 February 2026** for students in Year 12. These sessions are open to all prospective students interested in exploring different topics in Computer Science. No previous experience in the subject is required, and they are also ideal for anyone with a passion for Mathematics.

Led by female and non-binary members of the Department of Computer Science and Technology, each seminar focuses on a unique topic chosen by the presenter, from Graphics to Computational Complexity. Students who demonstrate active engagement in the seminar series are able to apply for the Women in Computer Science programme in February 2026.

Find out more and sign up [here](#).

**Pye Tait Consulting** is looking to host two students (aged 16–18) for a **one-week remote placement** before the end of April 2026. We are flexible with dates and happy to coordinate with your academic calendar. During the placement, students will:

- take part in a tailored induction to introduce them to our organisation and working practices,
- learn about the various roles and responsibilities within our organisation,
- observe both internal and client-facing meetings to gain insight into professional collaboration,
- shadow a Research Executive on a live project to understand the research process in action, and
- contribute to a project-specific task directly linked to the same project, offering hands-on experience.

Applications must be in by 19 December. Email Dr Davies for the contact details.

Apprentice Project Manager (Level 6, degree level), Exeter. Start Sept 2026. Applications close on 9 January.
