

Sixth Form Horizons Bulletin 22nd February 2026

Read me ... for opportunities to shape your future

Explore **accountancy careers** at the Insight Evening run by Bishop Fleming, Exeter, this Thurs 26 Feb.

Spotlight on BSc Finance at Durham University

The **BSc Finance** course covers core areas like corporate finance, financial markets, banking, and data analysis. It aims to help students understand how organisations make financial decisions, manage risk, and respond to global financial challenges.

Alongside theoretical knowledge, students develop quantitative and analytical skills essential for today's financial services industry. Practical learning is central to our course, with access to our cutting-edge Financial Trading Lab equipped with Bloomberg Terminals, giving students a hands-on experience with industry-standard tools.

'Small Subjects' Residential

The King's College, Cambridge "Small Subjects" residential is for Year 12 students looking for new and collaborative ways to explore global issues. Focussing on the topic of the "Anthropocene", we will introduce participants to new, lesser-studied subjects from the Arts and Humanities and how studying these "small" subjects might offer answers to society's big questions. No prior subject knowledge is required, and we welcome students from state schools who have not yet decided what they would like to study. The residential runs for two days and one night on 20th – 21st April 2026. Free accommodation and meals at King's College are included. Find out more about this event, alongside the eligibility criteria, [here](#). Deadline for applications is 27th February 2026.

Women in Computer Science Programme 2026

The Women in Computer Science programme is a sustained programme running over six months that gives female and non-binary students in Year 12 an insight into studying Computer Science at university. The deadline to apply is the end of **Sunday 1 March 2026**.

Apply and find out more here: <https://www.cst.cam.ac.uk/outreach/women-in-cs-programme>
